Subject: Re: PAG meeting April 21

Hi Valerie!

Hope all is going well with you.

I won't be able to make the meeting Wednesday. Rita asked me to e-mail you with the latest info about our Delta documentary to share with the group.

The updated show, "Setting a Course: The California Bay-Delta," went on the PBS satellite April 18 and is available to stations throughout the state. PAG group members should call their local station to find out when it will air.

We also have video copies available of both the 60-minute revised show and a 12-minute version for meetings. The viewer's guide also was updated and reprinted.

Thanks!!

Sue
